BIBLIOGRAPHY OF ARTICLES PUBLISHED IN THE MOREHEAD NEWS 1997 - 2009

"We live in the past by a knowledge of its history, and in the future by hope and anticipation. By ascending to an association with our ancestors; by contemplating their example and studying their character; by partaking their sentiments and imbibing their spirit; by accompanying them in their toils; by sympathizing in their sufferings and rejoicing in their successes and triumphs, we mingle our existence with their's and seem to belong to their age".

Daniel Webster
