HOW TO CLEAN THE PRODUCT

Handle Part: Gently wipe the handle part of the scrubber with a wrung soft cloth.

Brush Head: Disassemble the brush head and immerse it into the water to clean. Use a neutral detergent if it is difficult to clean.

CLEANING TIPS

- a. For better cleaning effect, it is recommended to use the brush with detergent (such as Mold & Mildew Remover, Water Strain Remover, Oven Cleaner, Bleach Cleaner, All Purpose Cleaner). You could use different detergents for different needs.
- b. For removing stubborn stains, please soak stains into water and detergent for a while, and then use the scrubber to clean, it will shorten your cleaning time.

STORAGE

Storage Suggestions: Store the scrubber in a well-ventilated and shaded area. Avoid placing it in a wet place or being exposed to strong sunlight.

FAQ

1. Why does the brush head stop rotating during operation?

- A. If the LED screen shows a blinking green light, it means that the brush head has triggered a protection mechanism due to excessive pressure. This protects the motor from damage, resulting in the rotation of the brush head being stopped.
- B. You can check the remaining battery level through the LED screen.
- C. If the above conditions are not met and the product stops rotating and cannot be restarted, please contact us through the after-sales email for assistance.
- D. When stopped due to pressure, the indicator light flashes and then goes off. To restart and use again, press the power button.

2. Why does the brush head spin is less than 90 minutes or isn't work after pressing ON/OFF button twice even when the battery is fully charged?

Each user will use different downforce during use. If you keep pressing the brush head too hard, the working time will be less than 90 mins. In order to prolong the use time, please don't press the brush head too hard, and by frequently press it too hard will break the brush head.

WARM TIPS

1. Please check whether there are any missing parts after receiving the product
2. Allow for transportation safety; the product you obtained is not fully charged. Please fully charge the product before use
3. Before using the scrubber, be careful not to get splashing stains into your eyes or on your skin.
